CERTIFICATION !

Yes, we're finally up and running with our new certification program.

After many requests, we've put in place a process where by any who would like to can become a Certified Move to Learn Practitioner. **You don't need to be certified to run the Move to Learn program**, but a certificate on the wall can instil confidence. It speaks of training and experience and provides assurance for parents, schools and other clients .

Certification will provide you with:

- A certificate on the wall 'Certified Practitioner of Move to Learn'
- The right to use the Move to Learn logo on approved materials
- Personalised marketing materials
- Access to Move to Learn artwork for use in promotional material or PowerPoint presentations
- 10% discount on all products
- Free advertising on the MtL website - (link, Bio., listings for seminars or events etc.)
- Free advertisement in Missiles. (yearly mention & promotion for any special events)
- Referrals from MtL
- Access to 'in-house' articles, resources, networking and special tips.

Would any who are interested in pursuing this, please contact us at the office.

FFI: Tel 01458 837514 / mem@imaginationgym.ws

Recommended for: teachers, support staff, therapists working with children aged 5-13, and parents of children with additional needs.

Research

IMPORTANT — PLEASE HELP IF YOU CAN

Thank you to the schools who have offered to help with the latest research program, but we are still hoping to find a few more who would be able to join us.

This is just a short assessment, with as little as 5 students, and which needs to be done only twice, two weeks apart. You don't need to run the program with the students to do the test.

Please contact the office if you are able to help.

Hi Teachers,

We are continuing to work on the results of the research studies that have been conducted over the past few years using the Move to Learn program and some exciting results are emerging. Thank you for all of your help so far!

Before we can publish the results and share them with you (and the world!) we need to ask you for your help once again in order to conduct a reliability study for one of the assessments that was used to measure classroom behaviour.

The study would involve teachers completing the assessment (one page tick-a-box) for the children in their class. Then, no more than two weeks later, you would need to complete the assessment again for the SAME children.

We will then look to see how stable the scores are in order to demonstrate that the assessment we used is reliable.

If you are unable to fill in forms for your whole class - that is fine - just choose 5-10 students in your class. The MOST IMPORTANT thing is that you use the SAME STUDENTS when you fill in the second lot of assessments up to two weeks later.

It doesn't matter if you are using the Move to Learn program at the moment in your classrooms, but if you are not, please DO NOT commence using the program within the TWO WEEK reliability study.

If you *are* using the Move to Learn program you keep using it, but conduct the assessment a SECOND time on the SAME children no longer than ONE week apart.

So, if you are a teacher in Australia and would like help us out and participate in this two week reliability study... **Contact Move to Learn and register your participation**

The study will need to be completed by 7th May 2010.

Thank you for all your help.

We look forward to sharing the results from our research with you very soon.

Joanne Hinitt

Until Next Month, Keep on Rolling!
